WHAT TO WEAR IN ARLINGTON

Average high temperatures in Arlington in mid-October are in the mid-70s, average lows in the mid-50s. But be prepared! The record high for October was 106 degrees, and the record low for October was 24 degrees, so bring an all-purpose jacket.

Also, room temperatures vary widely, so a sweater or jacket is recommended for sessions and meetings.

As always, bring comfortable walking shoes for the casual events, walking the Exhibit Hall floor and touring the Arlington area.

Business attire is appropriate for all daytime sessions, while evening or business attire is requested for the Awards Gala Saturday night.
